## Updates: MARCH

# EASTER SPECIAL

With the Easter break just around the corner it's likely you will be going home for many days, if not weeks. **Please remember:**

1. The last one to leave is to make sure the heating is switched down to 10° on the thermostat.
2. Throw any food out that will go off in your fridges and cupboards. The last thing you want to come back to is rotting food and pet mice!
3. Please shut all your **windows and doors!**
4. Try to take your valuables home with you, but if you do leave them make sure they are out of sight of windows etc.

*Post an Easter Fancy Dress Photo on our Facebook page for your chance to win yourself some chocolate goodies...*
